New Interactive Map Highlights High-Speed Rail Corridor, Connectivity Projects & Station Communities

SACRAMENTO, Calif. – The California High-Speed Rail Authority (Authority) has created a new interactive map which provides the latest information into an easy to navigate, central location with the goal of helping the public gain a better understanding of the high-speed rail program.

The new interactive map brings together information on several aspects of the high-speed rail program including detailed project descriptions, corridor alignments, station locations and connectivity projects. Clicking on the map also provides multimedia information including videos, photos, fact sheets and detailed maps.

Click the image below to go directly to the new interactive map which is located at http://www.hsr.ca.gov.
