The California High-Speed Rail Authority (Authority) is seeking for Proposals for Habitat Mitigation Services. The successful Proposer will provide services related to hairy Orcutt grass and California tiger salamander habitat mitigation. These services will be subject to permits between the Authority and California Fish and Wildlife and the US Fish and Wildlife Service for Construction Package 1 in the Central Valley.

Please join representatives from the California High-Speed Rail Program at this Pre-Bid Conference to network and learn more about the requirements of the procurement and the importance of small business participation.
