

C.H.S.R.A. HANDOUT NO. 2 March 29, 2013

I feel like “biblical character JOB from the Hebrew Bible” from High Sped Rail expect the worst as hoped for contractor; but hope for the best...

I have \$20 dollars in my pocket for my graduating 17 year old Homecoming Queen, Senior Jackie Dolan for her upcoming College Tuition...

By ratifying and approving the minutes of March 20, 2013 your Partner, Caltrain and Mike Scanlon will have \$706 Million in his pocket for electrification; CEO Jeff Morales and Chairman Dan Richard will have \$3.7 Billion to begin spending on Regional Consultant Invoices...

Remembering Passover holidays/Good Friday and Easter, I would like to make this petition to both CEO Morales and Chairman Richard, who because they were both in Washington, D.C. on January 9, 2013 during planned conference call with Mr. Louis Canaras, V.P. and Senior Underwriter, who was explaining the benefit to our sitting Governor and the Voters of California and F.R.A. and A.R.R.A. Trust how \$2.5 Billion Title Insurance for Initial Construction Segment and another \$706 Million protecting additional S.B. 1029 funding approved for Caltrain for “electrification” and proto-type “proof of concept” for demonstration of the non-electrified 130 mile Initial Construction Segment, contrary to exact requirements of 2008 voter approved Proposition 1A –

I urge Mr. Morales and Chairman Richard, to ask their Executive Admin, to initiate a “conference call” to Houston and Mr. Canaras, so they can get the facts so that they and not subordinates can make this very important risk based decision to eliminate unnecessary risk to the project which they both head and lead.

Cordially,

Daniel W. Dolan, M.B.A., President
