

# California High-Speed Rail

## Agreement Status

### Addendum No. 4

July 31, 2012

### Entity: United States Bureau of Reclamation

**Entity Role:** Review and approve engineering and design plans that impact facilities owned and/or maintained by the U.S. Bureau of Reclamation (USBR) with respect to construction of the high-speed train project.

**Master Agreement:** A draft master agreement has been prepared and is now under review by the Authority and the USBR. The agreement should be fully executed during the fall of 2012.

**Task Orders:** Under the master agreement, task orders would be issued for engineering and design reviews associated with individual high-speed train (HST) sections (e.g., San Jose to Merced, Merced to Fresno).

**DISCLAIMER:** Because the Master Agreement has not yet been approved by the Bureau of Reclamation's Board of Directors, the Authority cannot represent that there will be no substantive changes to the draft Master Agreement as provided. The Master Agreement and draft Task Orders are being provided for informational purposes only, and the draft Task Orders are subject to the express limitations set forth in the General Provisions.
