

California High-Speed Rail

Agreement Status

Addendum No. 4

July 31, 2012

Entity: California Department of Water Resources

Entity Role: Review and approve engineering and design plans that impact facilities owned and/or maintained by the California Department of Water Resources (DWR) with respect to construction of the high-speed train project.

Master Agreement: A draft master agreement is being prepared by the Authority for review and comment by DWR. The agreement should be fully executed during the fall of 2012.

Task Orders: Under the master agreement, task orders would be issued for engineering and design reviews associated with individual high-speed train (HST) sections (e.g., San Jose to Merced, Merced to Fresno, Bakersfield to Palmdale, and Los Angeles to San Diego).

DISCLAIMER: Because the Master Agreement has not yet been approved by the California Department of Water Resources Board of Directors, the Authority cannot represent that there will be no substantive changes to the draft Master Agreement as provided. The Master Agreement and draft Task Orders are being provided for informational purposes only, and the draft Task Orders are subject to the express limitations set forth in the General Provisions.
