1.0 Overview and General Information

The following list provides a general overview of information related to the subject of this Request for Qualifications (RFQ):

- The California High-Speed Rail Authority (Authority) is issuing this RFQ to receive Statements of Qualifications (SOQs) from qualified firms (Offerors) to provide Right of Way (ROW) Engineering and Survey Support Services on a task order basis, for approximately 1000 parcels.

- This procurement is a qualifications based solicitation. Conforming SOQs submitted in response to this RFQ will be evaluated with the intent of awarding contracts to the Offerors who considered the most qualified by the Authority. Not less than four (4) Offerors will be selected, as necessary.

- The selected Offerors may be working with the Federal Railroad Administration (FRA), Surface Transportation Board (STB), Public Works Board (PWB), California Department of Transportation (Caltrans), Department of General Services (DGS), other partnering agencies and Contractor(s) on the California High-Speed Rail Project under the direction of the Authority’s Director of Real Property.

- The contract period will start with a Notice to Proceed (NTP) that is anticipated to extend up to four years.

- The estimated cumulative dollar value for all contracts resulting from this RFQ is not to exceed $16,000,000.

- The RFQ solicitation shall follow the process in California Code of Regulations, Title 21, Division 6, section 10000.1 et seq., based on the factors/criteria Attachment B and Attachment C.

- Offerors are required to comply with the Authority’s Revised Small and Disadvantaged Business Enterprise Program for Professional Services Contracts, August 20, 2012, and submit Form A and Cert. 2, thereby making a commitment to the requisite participation by Small, Disadvantaged, and Disabled Veteran Business Enterprises.

- Negotiations shall be held with the top ranked Offerors.

- Offerors receiving contracts pursuant to this RFQ will be required to maintain a project office in one of the Central Valley counties in which work will be performed. All travel expense reimbursement will be calculated based on that project office location. Offeror(s) will not be directly reimbursed for occupancy costs of the project office or for web hosting or license fees for software required by the project other than as part of the Contractor’s general overhead.

- The RFQ will be available in electronic format only on the State’s Contract Register at (www.bidsync.com) and a link can be found on the Authority’s website (www.hsr.ca.gov).

All questions regarding this RFQ must be submitted in writing through (www.bidsync.com) by 4:00PM on December 17, 2013, for the benefit of all participants.

2.0 Background

Established in 1996 by state legislation, the California High-Speed Rail Authority has a statutory mandate to plan, build, and operate a high-speed rail system to be coordinated with California’s existing transportation network, particularly intercity rail and bus lines, commuter rail lines, urban rail transit lines, highways, and airports.

The goal is to increase and maintain California’s mobility, vital to our economy’s health, as the population grows from 38 million today to a projected 50 million by 2035. The planned System length is approximately 800 miles from Sacramento to San Diego, with 9 segments running through the Bay Area, Central Valley, Inland Empire and Southern California. With approximately 15 stops, the train will travel at speeds up to 220 miles per hour. A key performance goal is to make the trip from San Francisco to Los Angeles in less than 2 hours and 40 minutes.

The Authority intends to finance the Project with State and Federal funding, including funds provided by the Federal Railroad Administration (FRA) and funding made available through the American Recovery and Reinvestment Act of 2009 (ARRA). The Authority will act as the FRA-designated recipient for federal transportation funds.

Only if sufficient funds are made available to the Authority by the U.S. Government or the California State Legislature for the purpose of this program is a contract valid and enforceable. Prior to execution or commencement of any contract resulting from this RFQ, if sufficient funds are not made available for the current year and/or any subsequent years covered under a
contract resulting from this RFQ, then that agreement shall be of no further force and effect. In addition, a contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress or the State Legislature that may affect the provisions, terms, or funding of this contract in any manner.

After execution or commencement of this agreement, if Congress or the State Legislature does not appropriate sufficient funds for the program, the Authority shall have the option to either: 1) cancel the contract with no further liability occurring to the Authority; or 2) amend the contract to reduce the scope of work to reflect any reduction in funds.

2.1 Guidelines, Standards, and Requirements

Preparation of maps and documents will generally follow Caltrans POW Manual, Chapter 6, as required. The Caltrans ROW Manual shall be utilized for direction and guidance for all work performed under any Task Order until such time as the Authority’s ROW Manual is published, except as provided for in the most current version of Authority policy and/or procedure.

Depending on the needs of the Authority, the Right of Way Engineering and Survey Support Services may be called upon to deliver varying levels and types of ROW services within those identified in Attachment A. The actual services to be provided during a given period will be established in discussions between the successful Offeror(s) and the Authority, and will be memorialized in period work plans and budgets.

The level of effort the Offeror shall deliver in the Right of Way Engineering and Survey Support Services shall be established in semi-annual or annual Work and staffing Plans (Staffing Plans) submitted to the Authority by the Offeror and approved by the Authority. The Offeror shall submit staffing plan not less than 60 days before each semi-annual anniversary of the Agreement for Right of Way Engineering and Survey Support Services or other such dates as directed by the Authority. 4.4.3 Understanding of Project Elements and Requirements

The Authority wishes to contract with a Right of Way Engineering and Survey Support Services team with a strong understanding of the scope of work described in Section 3.0 and its successful completion. Discuss the Offeror’s the understanding of the project elements, project requirements, and how the Right of Way Engineering and Services Services adds value and works toward the goal of achieving optimal efficiency for delivering Construction Packages 1-4 to the Authority.

4.4.4 Small Business Participation

For this solicitation the Authority has established a 30 percent Small Business (SB) Enterprise goal. The Offeror should refer to the Authority’s Revised Small and Disadvantaged Business Enterprise Program for Professional Services Contracts, August 20, 2012, and to Section 25 and Section 26 of Attachment C for additional details and requirements regarding the use of small and disadvantaged businesses on the Project. SOQs will be evaluated for compliance
with the SB/DBE program. Specifically, the Authority will evaluate if the Offeror’s SOQ meets the goal commitment of 30 percent and if the Offeror’s approach ensures this goal is met during performance of the contract. This 30 percent SB goal is inclusive of a 10 percent Disadvantaged Business Enterprise (DBE) goal and a 3 percent Disabled Veterans Business Enterprise (DVBE) goal.

In this section, list the name of each SBE/DBE/DVBE subcontractor it will use during the course of the Work, the services each will provide, and the percentage of the Work each is anticipated to perform.

Describe Offeror’s approach and processes to be employed during the performance of the contract to ensure that the goals of the Authority’s Revised Small Business Enterprise Program for Professional Services Contracts are met. It is expected that the approach and processes identified will be incorporated into the Offeror’s Small Business Performance Plan which will be a contract deliverable.

4.5 Organizational Conflicts of Interest

The Authority has adopted an Organizational Conflicts of Interest Policy (the “Policy”) that will apply to this procurement and the resulting contract, in addition to the Authority’s Conflict of Interest Code and other applicable requirements. The Policy can be found on the Authority’s website at

http://www.hsr.ca.gov/docs/about/doing_business/Organizational_Conflict_Interest_Policy_Final9152011.pdf

Offerors are advised to carefully review the Policy, and to have their team members review the Policy, since it includes provisions that:

1. Preclude certain firms from participation in this procurement and

2. Affect the ability of the Offeror, its Subcontractors and their Affiliates (as defined in the Policy) to enter into business relationships with Authority consultants.

Failure to comply with the Policy in any respect, including the failure to disclose any actual, perceived or potential organizational conflict of interest, may result in serious consequences as described in Section V(2) of the Policy.

The Authority will only award a Contract to an Offeror whose objectivity is not impaired because of any past, present or planned organizational conflict of interest, financial or otherwise. If any such conflict of interest is found to exist, the Authority may:

1. Disqualify the Offeror, or

2. Determine that it is otherwise in the best interest of the Authority to contract with such Offeror and include appropriate provisions to mitigate or avoid such conflict in the Contract awarded.
Each Offeror shall fully disclose organizational conflicts of interest in its SOQ, using Form B. The refusal to provide the required disclosure, or any additional information required, may result in disqualification of the Offeror. If nondisclosure or misrepresentation is discovered after award of the Contract through this procurement process, the resulting Contract may be terminated.

By submitting its SOQ, each Offeror agrees that, if an organizational conflict of interest is discovered following submittal of the SOQ, the Offeror will make an immediate and full written disclosure to the Authority that includes a description of the action that the Offeror has taken or proposes to take to avoid or mitigate such conflicts.

4.6 Confidentiality

All written correspondence, exhibits, photographs, reports, printed material, tapes, electronic disks, and other graphic and visual aids submitted to the Authority during this procurement process, including as part of a response to this RFQ are, upon their receipt by the Authority, the property of the Authority and are subject to the Open Government Laws. None of the aforementioned materials will be returned to the submitting parties. Any materials that are delivered to FRA are subject to the Freedom of Information Act or other Federal open records laws. Offerors should familiarize themselves with the Open Government Laws, including the Public Records Act and Freedom of Information Act. In no event shall the State, the Authority, FRA or any of their agents, representatives, consultants, directors, officers or employees be liable to an Offeror or Offeror team member for the disclosure of all or a portion of an SOQ submitted in response to this RFQ or other information provided in connection with this procurement.

If an Offeror has special concerns about information that it desires to make available to the Authority but which it believes constitutes a trade secret, proprietary information, or other information excepted from disclosure, such Offeror should specifically and conspicuously designate that information as “TRADE SECRET” or “CONFIDENTIAL” in its filed response to this RFQ. Blanket, all-inclusive identifications by designation of whole pages or sections as containing proprietary information, trade secrets, or confidential commercial or financial information shall not be permitted and shall be deemed invalid. The specific proprietary information, trade secrets, or confidential commercial and financial information must be clearly identified as such. Under no circumstances, however, will the Authority be responsible or liable to the Offeror or any other party for the disclosure of any such labeled materials, whether the disclosure is deemed required by law, by an order of court, or occurs through inadvertence, mistake, or negligence on the part of the Authority or its officers, employees, contractors, or consultants.

The Authority will not advise a submitting party as to the nature or content of documents entitled to protection from disclosure under the Public Records Act, Freedom of Information Act (FOIA), USDOT FOIA regulations (49 CFR 7.17) or other applicable laws and implementing regulations, as to the interpretation of the Public Records Act or Freedom of Information Act, or as to the definition of trade secret. The submitting party shall be solely responsible for all determinations made by it under applicable laws and for clearly and prominently marking each and every page
or sheet of materials with "TRADE SECRET" or "CONFIDENTIAL" as it determines to be appropriate. Each submitting party is advised to contact its own legal counsel concerning the Public Records Act, Freedom of Information Act and other applicable laws and their application to the submitting party's own circumstances. In the event of litigation concerning the disclosure of any material submitted by the submitting party, the Authority's sole involvement will be as a stakeholder retaining the material until otherwise ordered by a court and the submitting party shall be responsible for otherwise prosecuting or defending any action concerning the materials at its sole expense and risk. The submitting party shall reimburse the Authority for any expenses it incurs in connection with any such litigation.

5.0 Evaluation and Negotiation

The following summarizes the Statement of Qualifications Review, Evaluation, and Negotiation processes.

5.1 Statement of Qualifications Review

The Authority Evaluation/Selection Committee shall review and evaluate each SOQ to determine if it meets the requirements contained in Section 4.0 above and Attachment B. Failure to meet the requirements for the Request of Qualifications will result in the rejection of the SOQ.

The Authority may reject any SOQ if it is conditional, incomplete, or contains irregularities. The Authority may waive an immaterial deviation in a SOQ. Waiver of an immaterial deviation shall in no way modify the SOQ documents or excuse the Offeror from full compliance with the contract requirements if the Offeror is awarded the contract.

5.2 Statement of Qualifications and Discussions/Interviews Evaluation

The Authority Evaluation/Selection Committee will evaluate and score the SOQs that meet the RFQ requirements. The evaluation of SOQs will be based on the criteria described in Section 4 above and in Attachment B.

Following the evaluation of SOQs, the Authority will hold Discussions/Interviews with selected Offerors. Discussions/Interviews with the Evaluation/Selection Committee will be held with the top rated Offerors. Discussions/Interviews will be separately evaluated based on criteria described in Attachment C.

5.3 Contract Negotiation Process

At the conclusion of the SOQ review and Discussions/Interviews, the Evaluation/Selection Committee will recommend the top ranking Offeror(s) for award of the contract(s). The Authority will enter into negotiations with the Offeror(s) ranked “1” for the scope of the contract. If negotiations are unsuccessful, the Authority will terminate all discussions with the top ranked Offeror and enter into negotiations with the next highest ranked Offeror and so on sequentially.
After completion of successful negotiations, the Authority shall recommend Offeror(s) for contract award(s) to the Board for approval.

Upon approval by the Authority Board, the Authority will be authorized to award and execute the contract to the selected Offeror(s).

6.3.6.3 Authority’s Rights of Enforcement.

In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, Authority has the right but not the duty to obtain the insurance it deems necessary and any premium paid by Authority will be promptly reimbursed by Offeror or Authority will withhold amounts sufficient to pay premium from Offeror payments. In the alternative, Authority may cancel this Agreement.

Offeror hereby waives its own right of recovery against Authority, and shall require similar written express waivers and insurance clauses from each of its sub consultants.

6.3.6.6 Enforcement of Contract Provisions (non estoppel).

Offeror acknowledges and agrees that any actual or alleged failure on the part of the Authority to inform Offeror of non-compliance with any requirement imposes no additional obligations on the Authority nor does it waive any rights hereunder.

6.3.6.7 Requirements not Limiting.

Requirements of specific coverage features or limits contained in this Section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type.

6.3.6.8 Notice of Cancellation.

The Offeror shall not discriminate on the basis of race, color, national origin, or sex in the performance of the Right of Way Engineering and Survey Support Services. The Offeror shall carry out applicable requirements of 49 C.F.R. Part 26 in the award and administration of this FRA USDOT-assisted contract. Failure by the Offeror to carry out these requirements will be considered a material breach of the contract, which may result in the termination of the contract or such other remedy as the Authority deems appropriate. Each subcontract the Offeror signs with a subcontractor must include the assurance in this paragraph (see 49 C.F.R. § 26.13(b)).

In addition, SOQs will be evaluated for their support of the State’s disadvantaged business enterprise programs, as described below and further detailed in Attachment B.

Any subcontract in excess of $25,000 shall contain all the provisions stipulated in the Right of Way Engineering and Survey Support contract to be applicable to subcontractors. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification, or type of worker concerned. Copies of the prevailing rates of wages are on file at Authority's offices, and will be furnished to Offeror and other interested parties on request. For crafts or classifications not shown on the prevailing wage determinations, Offeror may be required to pay the wage rate of the most closely related craft or classification shown in such determinations for Right of Way Engineering and Survey Support Services.

Except for defaults of subcontractors, neither party shall be responsible for delays or failures in performance resulting from acts beyond the control of the offending party. Such acts shall include but shall not be limited to acts of God, fire, flood, earthquake, other natural disasters, nuclear accident, strike, lockout, riot, freight embargo, or public regulating utility or governmental statutes or regulations superimposed after the fact. The Offeror shall not be liable for damages of such delay or failure, if a delay or failure to perform by the Offeror arises out of a default of its subcontractor, and if such default arises out of the following:

- Causes beyond the control of both the Offeror and subcontractor, and
- Without the fault or negligence of either of them

However, with respect to supplies or services to be furnished by the subcontractor that were obtainable from other sources in sufficient time to permit the Offeror to meet the required performance schedule, the Offeror and its subcontractors will be held liable for damages of such delay or failure.

6.9 Taxes

The State of California is exempt from federal excise taxes and no payment shall be made for any personal property taxes levied on the Offeror or on any taxes levied on employee wages.
