**Notes:**

1. Asterisk (\*) after the vendor name denotes Purchase Orders.
2. Vendors may appear several times due to contract amendments or multiple contracts. Green colored items are new or changed from the prior report.
3. Blue shaded rows identify one contract with subsequent amendments. The contract total amount appears below the last amendment.
4. Expenditures are recorded when the invoice is received. The encumbrance is updated when the invoice is paid in CalSTARS.
5. Forecasted expenditures are subject to change based on the contract manager's assessment.
6. Encumbered amounts are year-to-date for FY 2014/15 from CALSTARS. Encumbrances and expenditures may include Federal Funding.
7. As invoices are paid, contract "actual expenditures" will be adjusted and the "encumbered amount" will have a corresponding reduction.
8. This report includes data from the most recent invoice submitted to CHSRA, monthly or quarterly for active contracts.
9. SB utilization percentages reflect invoices received to date. Exempt contracts such as 3rd party utility or interagency agreements are excluded and the utilization field is blank.
10. OCTA has not submitted an invoice, contract term has 2 years remaining.
11. Older CHSRA contracts did not include a 30% small business utilization goal. Subsequent contract amendments include the 30% utilization goal. The Small Business utilization rate in this report is based on the amendment and not the entire contract amount. This report will capture current utilization going forward.
12. The forecasted expenditures for recently awarded contracts is shown as fully expended. The amount will be adjusted by the contract manager.
