

Bakersfield to Palmdale Project Section

Community Open House Meetings

July 19-July 26, 2016

Please join us at one of the upcoming Community Open House Meetings

The California High-Speed Rail Authority (Authority) recently completed the Supplemental Alternatives Analysis (SAA) for the **Bakersfield to Palmdale Project Section**. As part of the development of the SAA, four alignment alternatives were recommended to be carried forward for full analysis in an Environmental Impact Report/Environmental Impact Statement (EIR/EIS). After extensive public outreach to community members, stakeholders and local agencies, these four alignment alternatives incorporate refinements that further avoid or minimize potential impacts to existing facilities, land uses and environmental resources.

The Authority invites you to come and learn about the four alignment alternatives, ask questions and provide feedback.

ALL MEETINGS ARE IDENTICAL WITH A PRESENTATION AT 6:30 P.M. (UNLESS OTHERWISE NOTED)
